PSAC-UTE has reached a tentative agreement with Canada Revenue Agency.

Congratulations to everyone who walked the line and fought for better. Together, we've made real gains for our members.

With the strike now over, PSAC-UTE members are required to return to work on May 4 by 11:30 a.m. ET, at the latest. If your regular start time is earlier than 11:30 a.m., we would encourage you to do your best to begin your work day at that earlier time, because the employer may require you to make up those hours.

Full details of the tentative agreement will be announced shortly.
